Dear Craig

**Re: Roof Re-conditioning to 18, Willow Vale**

Once again I wish to express my gratitude to you for completing the refurbishment of the roof at the above property to such a high standard. I was extremely pleased with the work that you undertook for me a couple of years ago on my home extension and I'm pleased to report that I'm equally as pleased with the results on this particular project.

Your pleasant manner and willingness to work to timescales such that I could meet my own commitments are much appreciated. I also have to say that your tidiness throughout the project put my other contractors to shame.

Thank you once again for such a great job and please remember that I will be more than happy to act as a reference should you wish me to do so.

Best regards

*Chris Newhall*
