Dear Craig

New Roof.

I write in reference to the new roof you recently completed on my house.

I was very impressed with the professionalism from you and your team, from start to finish. I felt reassured that I had chosen the right company to carry out this very important job and that I had spent my money wisely. The site was always left clean and tidy, including my neighbours properties, which preventing any problems. The job was completed to a very high standard and roof looks great. The couple of small problems where rectified with 72 hours without any problem. All the people on the job were polite and courteous to my wife and me.

Therefore I would recommend your company.

Kind Regards

Phil Ringrose
